1. Find relevant expertise on our Research Portal

- Projects
- Teams
- Research Infrastructure

The screenshot displays the 'Research Portal' interface. On the left, there are filter sections: 'Type' with options for research project (66546), research unit (732), and infrastructure (348); 'Key area' with options like Human health (10158), Manufacturing & ICT (5540), Economy, Law & Society (5133), Bio-sciences & Environment (4321), and Arts, Religion & Culture (4249); and 'Research domain' with options like Natural sciences (15863), Medical and health sciences (15001), Social sciences (12495), Engineering and technology (11358), and Humanities and the arts (5596). Each section has a 'show more' link. On the right, there is a search bar and a list of results. The first result is 'Laws X and the Theology of the Old Academy and Middle Platonism (3H240344)' with a startdate of 01/10/2025, featuring Opsoemer Jan and Marinescu Rares Ilie. The second result is 'AR-Spine: An augmented reality-based interaction scheme for cervical pedicle screw placement (3E240549)' with a startdate of 01/04/2025, featuring Vander Poorten Emmanuel and Rodriguez Carlos. The third result is partially visible, starting with 'The exploration and development of an integrated guideline for the prevention and application of seclusion and restraint for all target groups WVG in a (semi-)residential offer or in hospitalization and with special attention to specific...'. At the bottom, it shows '1 to 15 of 10000+ results' and 'Sorted by relevance'.

2. Find relevant expertise on Lirias (lirias.kuleuven.be)

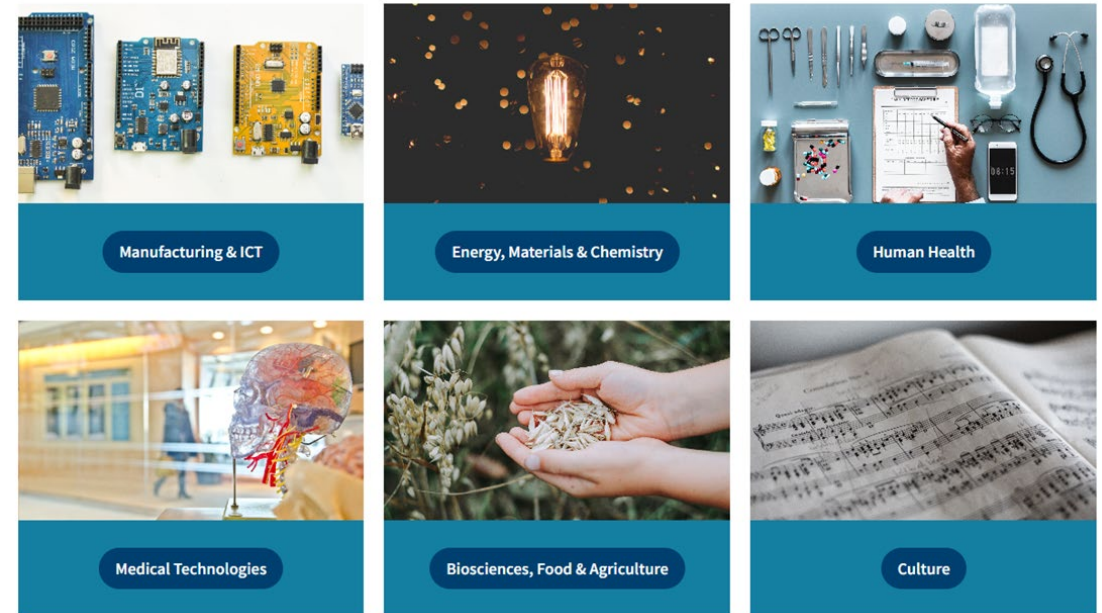

This institutional repository contains the metadata and full texts of various types of output by researchers affiliated to the KU Leuven Association

The screenshot shows the LIRIAS website interface. At the top, the 'LIRIAS' logo is on the left, and navigation icons and the language 'EN' are on the right. A search bar contains the text 'lirias'. Below the search bar, there are three filters: 'Active filters' (New From Last Week, Remember all filters, Reset filters), 'Tweak your results' (Sort by: Relevance), and 'Filter by' (KU Leuven Affiliation, Peer-reviewed, Available online, Open Access). The main content area displays search results. The first result is a journal article titled 'Conservative treatment of a mandibular condyle fracture: Comparing intermaxillary fixation with screws or arch bar. A randomised clinical trial' by van den Bergh, B; Blankestijn, J; van der Ploeg, T; Tuinzing, DB; Forouzanfar, T, published in the Journal Of Cranio-Maxillofacial Surgery, 2015; Vol. 43; iss. 5; pp. 671 - 676. The second result is a journal article titled 'Patent litigation in Europe (vol 44, pg 1, 2017)' by Cremers, Katrin; Ernicke, Max; Gaessler, Fabian; Harhoff, Dietmar; Helmers, Christian; McDonagh, Luke; Schliessler, Paula; van Zeebroeck, Nicolas, published in the European Journal Of Law And Economics, 2017; Vol. 44; iss. 1; pp. 45 - 46. The third result is a journal article titled 'Shared Ownership of Intangible Property Rights: The Case of Patent'.

3. Contact our innovation managers

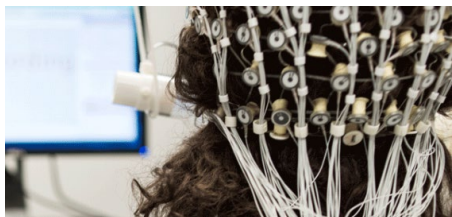

Their role: helping with the development of practical and innovative technological solutions based on the expertise and infrastructure of KU Leuven research groups

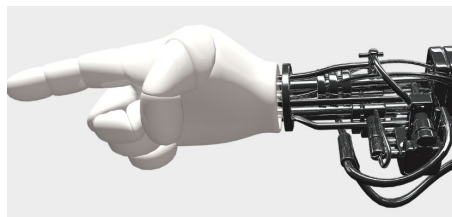

4. Contact our KU Leuven Institutes

The KU Leuven Institutes carry out interdisciplinary research with a societal relevance. They focus on subjects that remain important in the long term and rely on an extensive and interdisciplinary network. They are the ideal basis for the exchange of expertise across disciplinary boundaries, opening up promising new prospects.
